## Career Objective:

First-year Electronics and Communication Engineering student seeking a virtual internship to develop technical skills in programming, electronics, and problem-solving.

## Education:

B.Tech in Electronics and Communication Engineering (ECE)

Siksha 'O' Anusandhan University

## Technical Skills:

- Java (Basic)
- Python (Basic)
- Digital Electronics
- Microsoft Excel

## Academic Projects:

- Amplitude Modulation and Demodulation System (TINA Simulation)
- 4-Way Automatic Traffic Light Controller (TINA Simulation)

## Relevant Coursework:

- Programming Fundamentals
- Digital Electronics
- Basic Electrical Engineering
- Engineering Mathematics

## Soft Skills:

- Teamwork
- Communication

- Problem Solving
- Time Management

### **Certification:**

- Data Analytics Job Simulation Deloitte (Forage)
